⚠️ ****Important Notes on "Enviar"**:**

◆ ****Accent Marks on "i" to Break Diphthong**:**

Enviar is a regular -ar verb, but requires ****written accents**** on the "i" in specific forms to maintain correct pronunciation and stress:

| Tense | Forms with Accent | Reason |

|-----|-----|-----|

| ****Present**** | envío, envías, envía, envían | Stress on "i" breaks diphthong *ia* |

| ****Preterite**** | envié, envió | Standard preterite accents on endings |

| ****Present Subjunctive**** | envíe, envíes, envíe, envíen | Same diphthong-breaking rule |

❗ ****Note**:** *Nosotros* and *vosotros* forms do ****not**** need accents on the "i" because stress naturally falls elsewhere: *enviamos, enviáis, enviemos, enviéis*.

◆ ****All Other Forms Are Regular!**** ✅

- Gerund: *enviando*
- Past Participle: *enviado*
- Future/Conditional: *enviaré, enviaría* (full infinitive stem)

Other Verbs with Same Accent Pattern (-iar verbs):

Verb	Present Yo	Present Subjunctive
----- ----- -----		
enviar	envío	que yo envíe
estudiar	estudio	que yo estudie  (no accent - regular)
confiar	confío	que yo confíe
liar	lío	que yo líe
guiar	guío	que yo guíe

Key Distinction:

Not all -iar verbs need accents! Only those where the "i" is ****stressed**** require them:

- *Enviar* → *envío*  (stress on i)
- *Estudiar* → *estudio*  (stress on u, no accent needed)
